Make changes to the Menu link title and the Path for the link.

- Menu link title is the text that displays as a link.
- Path is the URL of the link destination.
 - Another page on your website: enter a relative URL (the segment of the URL that follows the ".org/"). Example: for a link to <u>http://www.yoursite.org/about-us</u>, enter only **about-us**
 - o A page on another website: enter the full URL including http://
